How it Works

To gain access to your account and view your historical data, enter the email you used on your last transaction. We'll email you a link to make sure you are you. Clicking on that link will claim your account and you will be asked to create a password. After that you can log in anytime in the future with your email address and password.

3. Enter the same email address you used for your initial registration.
4. Webconnex (RegFox) will send you an email with a link to verify your identity. It might go to your spam folder, so check there if you don't see it promptly. Clicking the link will verify your account, and you'll be asked to create a password. After that, you can log in anytime using your email and password.
